

Board Members (2 roles)

£1500 p.a. plus reasonable expenses | Based in North London
Closing Date : Monday 23 November 5.00pm

Innisfree's story started in 1985 when the unmet housing needs of the Irish communities in London prompted some activists to set up a new housing association. Today, nearly 60% of our tenants have an Irish background though when we let our homes, we are open to the diverse community of Londoners in need of genuinely affordable housing.

Our ambition is that our core offer of high quality, affordable homes supports the communities we serve, so that they can live healthy and fulfilling lives. We keep looking for ways to do more of this - the work that we were originally set up to do – and we are actively developing new homes.

We are an organisation with a very secure financial base, highly satisfied tenants, a skilled staff team and a good reputation – along with a strong and ambitious Board.

Following a positive Governance Review this year, we are looking for new Board Members to join us.

The Board has overall responsibility for our strategic direction, and we want to find individuals who share our values and will bring their skills and experience to support us in our work – complementing that already offered by our existing Board Members. We would welcome applications from people of all backgrounds and from those without previous Board-level experience.

We are particularly interested in applications from individuals with expertise and experience in:

- *Leadership/organisational and people development/digital*
- *Housing/customers and communities*
- *Property and development*
- *Legal and regulatory requirements*

We also would want one of the new Board Members to join our Audit and Risk Committee, so will look for the skills and experience needed for that role from applicants.
